

EMBRACING AWARENESS

- Acts 10:19-29 Cornelius and Peter – God brings them together
- God Asks for Trust (vv. 19-23a)
 - Obedience does not require full understanding
 - How do you respond when asked to do something out of the ordinary?
- God Explains His Intent (vv. 23b-29)
 - Circumstances can be orchestrated by God to bring about a change in perspective
 - Are we open to seeing old things in a new light?
- Concerning the issue of race and ethnicity, are we aware of our views?
 - Do we have a genuine concern about the conditions others face?
 - Is there a desire to learn more about the perspective of others?
 - Do we have an appreciation for the importance of the multiethnic experience within the gospel community?
- Embracing awareness is an act of faith. Not in people – they may not agree; but rather faith in seeing things God's way.
