

GETTING REAL ABOUT GOD

- Isaiah 44:6-22
- Introduction: There are good things and bad things that take priority over God – they should not.
- The Uniqueness of Israel's God (44:6-8)
 - There is only one True God.
 - What do you make of these claims – are they true? Do they matter?
- The Worthlessness of Idols (44:9-20)
 - Idols ultimately show that we are relying on ourselves rather than God – for where we find direction, meaning, and purpose.
 - We need to be honest about the reality of often having priorities that do not include God.
- The Reminder of God's Redemption (44:21-22)
 - God wants us remember His grace that forgives our sin.
 - Do you understand your need for Him?

- In a world of choices about how we should live, is not truth – about the world, us and God – of supreme importance? Otherwise, everyone does what is right in their own eyes.
